Like most great role-playing games The Witcher 3: Wild Hunt provides players with a hefty dose of freedom.. This means multiple routes, optional quests, and secrets to be uncovered at a player's.. Using QUEN to tank the boss is a necessity in this fight due to the regular shockwaves and the small combat area leaving almost no room to avoid said shockwaves.

To beat him, we'll need to wait for an opening in its attacks Fortunately, most of its attacks are quite obviously telegraphed and there is a small window after any attack he does.. If you are feeling adventurous, you can dish out a little damage with IGNI, whilst using AXII will stun him temporarily.. The Witcher 3 - Doors Slamming Shut: how to kill Therazane the Earth Elemental Don't miss out essential guide to the Doors Slamming Shut contract, from tracking down Therazane to making light work.

Witcher 3 Ice ElementalHow To Kill Earth Elemental Witcher 3 WeaknessHow to Beat Therazane (Earth Elemental)Witcher 3 Ice ElementalSimilar to the Golem we fought earlier, the Earth Elemental is big and slow with the capacity to perform some extremely damaging close range melee attacks and will regularly punch/stomp the ground causing a shockwave if you stay too close or send a wave of erupting earth in your direction.. Even with QUEN active, you should still try to avoid his hits as he does do a LOT of damage. [Seasoft Poto Editor 2 3 0](#)
